1.19 Release notes

Welcome to the uEducateUs 1.19 release.
These release notes have been set up to allow the different user types to easily find the issues that are relevant to them. *For example, if you are a parent, you only need to look in the **Parents** category to find all issues that affect you as a parent.*

The focus of this release is to provide a log of SMS details, and to allow the school administrators to identify where the SMS credits are being used. There are also other various improvements and issue resolutions.

We encourage your feedback, as this feedback continues to help drive the direction and content of our release cycles.

Parents

Improvements

- [CR-780] - Kiosk Usability - The pages within the Kiosk application have been updated for consistency and usability improvements.
- [CR-974] - The Remember Me functionality has been removed from the uEducateUs application. Having the option to allow users to access the system without having to enter their login credentials, was a breach of security and was not in line with the Australian Government security requirements.

Issues

- [CR-91] - uEducateUs mobile application - Resolved an issue that allowed a past date to be entered while creating an appointment.

Teachers

Improvements

- [CR-780] - Kiosk Usability - The pages within the Kiosk application have been updated for consistency and usability improvements.
- [CR-974] - The Remember Me functionality has been removed from the uEducateUs application. Having the option to allow users to access the system without having to enter their login credentials, a breach of security and was not in line with the Australian Government security requirements.
- [CR-482] - Semester Reports - Attendance comments can now be edited on a per student basis.
- [CR-774] - Teachers and Administrators can now view the latest student curriculum report scores for entire cohorts. This feature is available to view by student, class or year level under their respective Overview sections (e.g. To view a single student's latest curriculum scores, go to Student Overview).

Issues

- [CR-91] - uEducateUs mobile application - Resolved an issue that allowed a past date to be entered while creating an appointment.
- [CR-481] - Semester Reports - Resolved an issue that was causing the report scores and comments to not appear when a student moved from one class to another during the semester.

Students

Improvements

- [CR-974] - The Remember Me functionality has been removed from the uEducateUs application. Having the option to allow users to access the system without having to enter their login credentials, was a breach of security and was not in line with the Australian Government security requirements.
- Improvement 2

Issues

- [CR-91] - uEducateUs mobile application - Resolved an issue that allowed a past date to be entered while creating an appointment.

Administrators

Improvements

- [CR-722] - Admins can now view a log of all SMS activity so that they can when and where the SMS credits are being used.
- [CR-780] - Kiosk Usability - The pages within the Kiosk application have been updated for consistency and usability improvements.
- [CR-847] - Permission Slips - Event details can now be edited by and admin, after the permission slip has been published.
- [CR-974] - The Remember Me functionality has been removed from the uEducateUs application. Having the option to allow users to access the system without having to enter their login credentials, was a breach of security and was not in line with the Australian Government security requirements.
- [CR-482] - Semester Reports - Attendance comments can now be edited on a per student basis.
- [CR-562] - Student report scores from Cases21 can now be imported into the uEducateUs system using the XML file format (previously, only CSV format was supported).
- [CR-774] - Teachers and Administrators can now view the latest student curriculum report scores for entire cohorts. This feature is available to view by student, class or year level under their respective Overview sections (e.g. To view a single student's latest curriculum scores, go to Student Overview).

Issues

- [CR-91] - uEducateUs mobile application - Resolved an issue that allowed a past date to be entered while creating an appointment.

- [CR-481] - Semester Reports - Resolved an issue that was causing the report scores and comments to not appear when a student moved from one class to another during the semester.
- [CR-733] - Interviews - Resolved an issue that allowed parents to be added to the same time slot for two different interview bookings.
